

ADVANTAGE RESIDENTIAL SECURITY CONTAINER

Special Features: Burglary tested approved by the ECBS - GRADE 1 and fire resistant LFS30P - Tested

All the advantage in one safe (ISM -RESIDENTIAL SECURITY CONTAINER)

Burglary resistance tested by ECBS against burglary and fire according to EN15659.

Body & Door: combines multi-layered steel plates and cast concrete to create maximum strength and high resistance. The door is reinforced to prevent drilling and breaking the locking mechanism of the safe.

Bolts & Locking Mechanisms: The safes have a multi-direction boltwork mechanism and a double locking mechanism consisting of a combination lock and a preparation for a key lock as an option the Advantage is protected by integrated re-lockers.

Interior Fitting: adjustable removeable shelves.
